Kids eResources Guide

georginalibrary.ca

G!
Georgina
PUBLIC LIBRARY

What are eResources?

eResources are like a library that lives inside your computer or tablet that can be accessed through the internet. Even when you aren't at a regular library, you can find books, movies, music, and even homework help right on your screen. It's like having a whole world of learning and fun stuff right at your fingertips!

Where do I go to find eResources?

Visit georginalibrary.ca/en/kids-teens/Kids-eResources.aspx to find links for our online resources for kids.

It's asking me to log in or create an account.

To use our eResources, you may need:

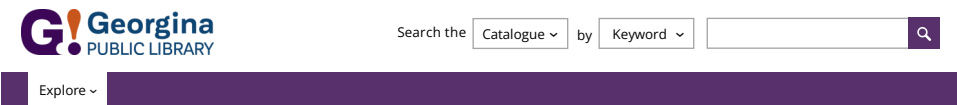

- The name of your library (Georgina Public Library)
- Your library card number
- Your library PIN/password*

*Everyone with a library card has a PIN/password. If you don't remember your PIN/password, contact us and we can help you reset it.

For some eResources, you may also be asked to sign up for an account by entering your email address and setting a password.

Where can I get more help with eResources?

Visit the library website at georginalibrary.ca or contact us by email at eservicesupport@georgina.ca.

Our library catalogue is available at georgina.bibliocommons.com. You can use the library catalogue to see what we have in our collection, to place holds, and renew the things you have borrowed.

Keep Georgina Public Library in your pocket with our convenient app! Search for "Georgina Public Library" in the App Store or Google Play. Save your library card number in the app for quick and easy checkouts!
